

COMMUNITY UPDATE

Now that Monroe Canyon RV park is open, over-night camping at the rodeo grounds and fishing pond will no longer be allowed. We are excited to help support our local businesses.

The Red Rock Fly-in is scheduled for September 27–October 2, 2021. CUASA (Central Utah Air Sports Association) is looking for drivers to transport paragliders to the top of Monroe and Cove Mountains during this week. This is a great opportunity to get involved with this unique sport. If you are interested in driving please contact Judy Whitmore at 435-893-1880.

Splash pad is now closed for the season. We hope this has been a great recreation spot for everyone this summer.

MAYORS MESSAGE-Johnny Parsons

We are almost to the end of our watering season and I would like to thank our citizens for your great efforts in conserving water. Most communities around us have not been as fortunate as us to still have secondary water, and I think it is because of the effort our residents have put in to conserving water.

Our plan is to keep irrigation water on until October 15, weather permitting, and if the pond has water. Please be prepared for intermittent water shut off's or an immediate permanent shut off. We just can not out guess what the water situation will be.

Our Veteran's Memorial project is still moving forward, so if you would like to donate to the project we would really appreciate it. Councilmember Cartwright has been working very hard at raising money for the monument and we are hoping to start construction on it soon. Depending on the weather, available contractors, and materials, we may be able to start this fall, if not we will start in the spring as soon as possible.

If you or a family member has or is serving in the military and lived in Monroe at some point, Monroe City would be honored to place your or their names on our memorial monument. Please submit your information at the City Offices.

Thank you to all who came and joined us at our Public Power Picnic last month. It is always good to see friends and neighbors visit with each other.

If you were not able to come this year we hope to see you next year.

It's good to see our children back in school and the progress made at the middle school. It's going to be good to see the construction completed.

Please be mindful of the school crossing zones on Main Street and 100 S, and the drop off areas at each of our schools.

Good luck in the fall activities you are participating in.

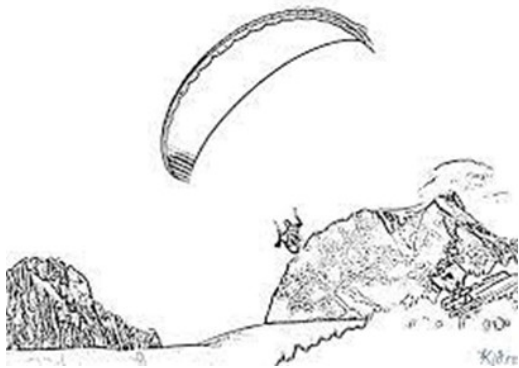

"Being a member of a community doesn't necessarily mean you just live there"

Animal Complaints:

Please be responsible animal owners and keep your dogs on a leash and take the necessary steps to keep them from barking. Monroe City office receives numerous calls from upset citizens from neighbors barking dogs. For animal control contact Sevier County Sheriff dispatch @435-896-6471.

Remember open burn season started on September 15, 2021 and all burning requires a burn permit. Burn permits can be found on the City website " littlegreenvalley.com "
