ARGUMENTS FOR AND AGAINST THE RAP TAX

ARGUMENTS FOR THE RAP TAX

Parks, recreation, and arts are valued and cherished aspects of the daily lives of Monroe's citizens. Each provides opportunities for children, individuals, families, and seniors to build relationships as a community as well as spurring good health and well-being. Monroe City has a long history of creating parks and recreation facilities for the benefit of our area residents as well as for our visitors.

To maintain our existing programs, as well as to add new possibilities for local residents, the Monroe City Council voted unanimously to place Proposition #7 on the November 4, 2025 ballot, which will create a funding mechanism needed for our programs and activities in Monroe. This is called the Recreation, Arts, and Parks (RAP) tax. This would only increase our sales tax rate by one-tenth of one percent (0.1%), which amounts to one penny for every \$10 spent at our local businesses. Unprepared food and gasoline are EX-EMPT from this tax.

The vast majority of funds raised by Proposition 7 for our parks, recreation, and arts, would be from visitor purchases. These funds will be spent based on our community needs and priorities for our parks, recreation, and arts.

Proposition 7 will be on your November ballot. We encourage everyone to stay engaged and vote on Election Day!

Mayor Parsons and the Monroe City Council.

ARGUMENTS AGAINST THE RAP TAX : No arguments against the RAP Tax was received.
